2016 CREATING A SMART EUROPE

# INDUSTRIAL TECHNOLOGIES 2016 CREATING A SMART EUROPE

## JUNE 22 – 24, 2016

RAI CONFERENCE CENTRE AMSTERDAM

### MEET & STRENGTHEN EUROPEAN INDUSTRIAL INNOVATION

**A competitive and high-performing industry is essential to foster smart growth and jobs in Europe and to tackle societal challenges. The way forward is to create a future industry that is based on cross-sectoral innovation partnerships, the transformative power of digitalisation and new enabling industrial technologies.**

*Industrial Technologies 2016 – Creating a Smart Europe* is the conference that brings together research, industry, education, finance and policy from manufacturing and process industry

and technology domains from all over Europe to identify priorities that are crucial to strengthen the European industrial innovation ecosystem.

### THE CONFERENCE PROGRAMME

The conference offers a wide variety of plenary and interactive sessions.

- » Inspiring keynotes
- » Lectures & workshops
- » Innovation Talks
- » Case studies and pitches
- » Industry Challenges
- » Eye-opening site visits
- » Matchmaking for funding
- » Industrial Technology Café

# INDUSTRIAL TECHNOLOGIES

2016 CREATING A SMART EUROPE

## TOP REASONS WHY YOU SHOULD ATTEND

### 1. INSPIRING KEY NOTES

Get inspired by keynotes on how industrial innovation can contribute to economic growth, creation of jobs, and to addressing grand societal challenges through the uptake of new technologies, cross-sectoral collaboration and integrated value chains.

### 2. INTERACTION TO IDENTIFY PRIORITIES FOR THE POLICY AGENDA

Join the discussion to identify the science and technology topics that are crucial to the further strengthening of the European industry, with specific attention to the manufacturing technologies and digitalisation of the industry.

### 3. NETWORKING TO BUILD A STRONG EUROPEAN ECOSYSTEM

Meet European players in research, industry, finance and policy from different industrial sectors and technology domains and extend your international, interdisciplinary, intersectoral network to exchange knowledge and speed up innovation.
